Among students who reported a high school class ranking, fifty-one percent were in the top quartile of their high school graduating classes. The class had a mean score of 1144 for the redesigned SAT and 25 for the ACT examination for those who chose to apply traditionally. Twenty percent of students declared a major in Nursing, while 11 percent were Biology.

Test Score Calculations

For students with both an SAT and ACT score, both scores are reported. Additionally, for students with multiple SAT test scores, the highest verbal and math subscores (from any test date) are added to get the student's final SAT score. For Fall 2006, this procedure resulted in an increase of approximately 6 points on the average SAT score, from 1074 to 1080.

Prior to Fall 2007, SAT scores were reported using Recruitment PLUS. Recruitment PLUS converted all ACT scores to an equivalent SAT score, and included the converted scores in the final mean.

Note:

1. In Fall 2021, a test optional admissions policy was in place where students could decide whether their test scores were used for consideration during the admissions process. These scores represent the students who elected to apply traditionally and submit their test scores for consideration.
2. On the redesigned scale, Verbal is now Evidence-Based Reading and Writing. The total score is comprised of the Evidence-Based Reading and Writing (Verbal) and Math sections.
3. Although submission of entrance test scores generally is required in the admission process, in each entering class there were a small number of students who were admitted without entrance test scores. Some students take both the SAT and ACT. Therefore, the number of SAT scores plus the number of ACT scores does not equal the total class size.

1. In Fall 2021, a test optional admissions policy was in place where students could decide whether their test scores were used for consideration during the admissions process. These scores represent the students who elected to apply traditionally and submit their test scores for consideration.
2. On the redesigned scale, Verbal is now Evidence-Based Reading and Writing. The total score is comprised of the Evidence-Based Reading and Writing (Verbal) and Math sections.
3. Although submission of entrance test scores generally is required in the admission process, in each entering class there were a small number of students who were admitted without entrance test scores. Some students take both the SAT and ACT. Therefore, the number of SAT scores plus the number of ACT scores does not equal the total class size.
